16 _____
17 A mediation was held on June 2, 2008. During the mediation, the parties reached a
18 settlement that was confirmed in writing pending a formal written settlement agreement and
19 release. On June 19, 2008, this Court issued a conditional order of dismissal contingent upon
20 the processing of the settlement within 60 days. To date, plaintiff has not received a fully
21 executed settlement agreement from defendants and plaintiff has been informed that the
22 processing of this settlement by the City and County of San Francisco is still 6 months to a
23 year from being completed.

1 Plaintiff is at a loss to understand why this process is taking so long. It has taken
2 more than two months to just have a written agreement with no end to this process in sight.
3 Plaintiff requests that like the matter be restored to the trial calendar and a Case Management
4 Conference scheduled where either enforcement or monitoring of the matter is discussed and
5 an appropriate order for the management of this process issued.
